FREE upgrade to Miva Merchant v5.5 (from v4.x)

Miva Merchant, the company behind the popular shopping cart with the same name ("Miva Merchant") released a statement on July 12, 2010 that Miva Merchant v4.x shopping cart will reach EOL (End Of Life) and will *not* be PA-DSS certified Â or compliant. Â The only solution recommended by Miva Merchant is to upgrade all v4.x stores to v5.5 PR7 (aka "Wombat") to ensure merchants are running PA-DSS compliant ecommerce platform.
The original statement by Miva Merchant can be accessed online atÂ http://extranet.mivamerchant.com/forums/showthread.php?p=359887
dotCOM host is making available FREE upgrade licenses for all storeowners currently running v4.x stores and who have active (leased) license keys provided by dotCOM host. Â This means you can upgrade your store to Miva Merchant v5.5 PR7 (aka "Wombat") at no additional cost. Â Simply open a ticket with dotCOM host at https://www.dotcomhost.com/support and request v5.5 upgrade files to be installed on your domain. Â You can perform the upgrade at your convenience, or have your developer perform the upgrade, or - dotCOM host can assist you with the upgrade as well. Â If you need help with the upgrade process, please do not hesitate to contact our sales or support at any time.
Thank you.
